

ANYA COSMETIQUES..... answers to marketing innovation and creativity demand with:

LIP OIL DEEP NOURISH
Formula code 16000L

PRODUCT ID:

Transparent and luminous lip oil rich in bioavailable omega 3 and 6 fatty acids obtained by enzymatic activation of almond, olive, flax and borage oil; deeply nourishes and elasticises the lips. Deodorized ozonated corn oil protects and moisturizes the skin, while vitamin E has an antioxidant action.

WHY WE LOVE IT:

The shiny and soft texture does not smudge and is not sticky. The lips immediately appear brighter, they are protected and hydrated by corn ozonides, while the cells are nourished by essential fatty acids and vitamin E.

FORMULATION HIGHLIGHTS:

HIGH NATURALITY INDEX: using natural flavors, the formulation can have a naturalness index up to 98.5% according to ISO 16128.

VEGAN: no ingredient contained in the formulation is of animal origin.

OZONIZED CORN OIL: the ozonated oil promotes skin oxygenation, reduces the presence of microorganisms that alter the skin microbiota and has a soothing and moisturizing action. We use a deodorized ozonide.

ENZYMATIC ACTIVATION: enzymatic activation is a technological process that breaks down the molecules of oils to obtain high contents of fatty acids, thus making them more bioavailable. The selected oils allow to have high quantities of omega 3 and 6 fatty acids, essential as they are not produced by our body, so they must be given.
